# HOUSE OF TOWNEND

## Specification

**Vinification** A wine developed in conjunction with House of Townend, this light and vibrant Chardonnay comes from higher altitude vineyards around the central valley that display a crisper and less obvious tropical fruit character. All the grapes are harvested and pressed within 3 hours of picking, with the clear juice settled in tank for several days to clear any solids, before fermentation begins naturally using an inoculated yeast strain, and continues in steel tanks under cool temperature-controlled conditions for around 20 days. The wine is then racked through a series of tanks and then bottled in late spring after adjustment for acidity and a small portion of wine matured in contact with oak is added.
