

HOUSE OF TOWNEND

FAMILY WINE MERCHANTS SINCE 1906

York Roman Fruits Gin

Price	£36.49
Code	YORK060

A juniper-led, full-strength (42.5%) dry gin with no added sugar, infused with fruits and flowers associated with Ancient Rome - including strawberries, raspberries, blackberries, apples and hibiscus. The infusion is a Yorkshire-made tea that sits in their London Dry gin for over two weeks to ensure it develops a rich red imperial hue and a complex flavour.

Tasting Notes:

Red fruits are at the fore with this lively gin, undertones of juniper remain throughout with a smooth finish.
